In accordance with NCQA UM Standard 11.5, I have received and understand the following:

1. UM decision making is based only in appropriateness of care, service and existence of coverage.
2. The providers or other individuals conducting utilization review for denials of coverage or services are not compensated for denials and/or to encourage barriers to care or services.
3. Financial incentives for UM decisions do not encourage denials of coverage or services.
4. Incentives are not used to reward inappropriate restriction of care.
5. Special concern must be kept in mind regarding the risk associated with under-utilization.
6. Practitioners are ensured independence and impartiality in making referral decisions that will not influence:
 - A. Hiring
 - B. Termination
 - C. Compensation
 - D. Promotion
 - E. Any other similar matters
